Hi Helen

I've attached the Unconfirmed Education Review Office Report for Ruru Special School. While the Board is entitled to complete a *Response to Unconfirmed Education Review Report* by 20 April 2015, it is unlikely that any corrections will be sought – as they're delighted with the report and, in particular, the confidence shown by the 4-5 year review expectation.

Once the time expires for the Board's response, ERO may make amendments before confirming the report. Two weeks after the confirmed report is completed it becomes a public document and will be published on ERO's website (www.ero.govt.nz).

We have sent this to you on the basis that you will respect this process and not disclose the contents of the report until it is made public. However, we thought it may assist in reassuring your clients notwithstanding their perception of their experience.

We hope to be able to finalise the Board's response to the Investigation Report soon after Easter – and we will let you have a copy when this is sent to the Ministry.

Regards
